

DUAL CREDIT – ELECTRICAL FOUNDATION – TERRACE JULY 2018 TO JAN 2019

The Electrical Foundation program prepares students for entry-level positions as electrical apprentices with contracting companies involved in residential, commercial and industrial construction and maintenance.

Students learn to access and utilize resource materials, follow procedures and make sound decisions while installing and maintaining electrical equipment.

The full-time, 24-week program is competency based. The program delivers the complete theoretical and practical outcomes of the provincially accredited Level 1 Electrical Work Apprenticeship program.

on how to apply.**

YOUTH TRAIN IN TRADES PROGRAM

CAREER OPPORTUNITIES

A growing need for electricians has been identified in Northwestern BC - as resource development opportunities increase and as older workers begin to retire from existing positions in established industries. Graduates find employment as electrical apprentices installing and maintaining lighting, heating, control, alarm, data and commercial systems in residential, commercial and industrial settings and numerous other related fields.
